Objective

Applying for a position of a **Junior QA Engineer**.

Summary. Reason for applying.

I am a purposeful and highly motivated person who can adjust quickly to new surroundings. My qualities such as sociability, flexibility and dependability make me good at teamwork. I am well organized and detail oriented, which I believe is a key to managing responsibilities successfully. Currently I'm looking for a challenging environment where I can improve both hard and soft skills on a day-to-day basis by improving software quality. My priority goal is to obtain a position in a company that offers a variety of projects with growth potential in terms of individual and professional development.
